Subject: Rule 21 Workgroup: Combined Technologies: Schematic Deliverable

Chuck:

Attached are some Rule 21 "combined technologies" schematics, for your posting on the Rule 21 Workgroup's CEC website. Please note that the proposed combined technologies methodologies are in response to the Commission's D. 05-08-013 regarding the issue.

These deliverables are being provided to the Rule 21 Workgroup on an informational basis, are based upon the group discussion at the Rule 21 Workgroup meeting in San Diego on November 16, 2005, and do not necessarily reflect the position of Pacific Gas and Electric Company.

Thanks,

Jerry Jackson
